**SURREY
POLICE**
*With you, making
Surrey safer*

Chris Colley
Chief Inspector
East Division

13 March 2017

Dear Mr Mills,

Thank you for your letter dated the 19th February 2017. I am sorry to learn of your dissatisfaction and I hope to provide you with some information and reassurance that Surrey Police do take excessive speeding very seriously and would like to thank you for the survey carried out in 2015.

The road you refer to in your letter, Outwood Lane Chipstead, is actually listed for discussion on the agenda for the Speed Management Committee meeting which is scheduled to take place within the next week or so. Dependant on the result of this discussion, there may be a change in the road status. Your local councillor will be sighted on the result so it may well be worth making contact with them in the next couple of weeks to see if they are able to provide you with an update from the meeting.

In the interim I have directed Roads Policing Unit to attend the area and carry out some speed enforcement and traffic management. This should provide a visible policing presence to which I am sure will have a positive impact on people speeding within the area.

Chris Cannon who runs our Road Safety and Traffic Management Team, is aware and he is happy for me to share his contact details with you so you can communicate and arrange a suitable date and time for him to come and meet the Residents Association and provide you with further information for how we are able to assist in this issue, as well as limitations that we have. His details are Christopher.Cannon@surrey.pnn.police.uk or direct dial number of 01483 632851.

I am pleased that you currently have an active and meaningful Community Speed Watch. If you have identified any other members for the CSW then we would be more than happy to provide further equipment and training for them to use if you think this would be suitable.

Yours sincerely

Chris Colley
Chief Inspector Operations
