

## Combined index of Chipstead historical records

This is primarily an index of the material that Rupert Courtenay-Evans has collected over many years. It also includes reference to material in Banstead library and some of the extensive material at the Surrey History Centre in Woking. It is organised as follows:

	Page
General History	2
World War 1	4
World War 2	4
Village Events	5
Village organisations	6
Others	7
Maps	8
St. Margaret's Church	9
Shabden	11
Other village buildings	12
Village People	13
Local Area (including Mugswell and Hooley)	15
Surrey History Centre (SHC) in Woking – a selection	18

### Location codes

The location reference is complicated by the way the material is store. Rupert's main material is contained in four large photograph albums. Additional information is contained in eight coloured lever arch files and most of the maps are loose.

Main archive: Rupert Courtenay-Evans (RCE) albums (first number refers to album, the second the page)

Subsidiary records: Coloured lever arch files retained by Jon Grant

BLib – Banstead Library who have a number of folders in a filing cabinet (accessible on Saturday mornings)

In addition, many records are retained at the Surrey History Centre in Woking.

I hope the index will be helpful to those wishing to discover more about the Village's history.

Jon Grant, 21 February 2020
